I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: I have Parkinsons and since my Neurologist
was unable to help me with the usually prescribed
medications my primary physician consulted a
compounding lab and I was prescribed a medication
that is relieving all my symptoms by 90%.
